

We have teamed up with hip, online, quality tea shop **leaf** to bring a highly desirable and original wedding favour. A cute metal tin filled with a choice of high quality tea (enough for two cups) is personalised with your names and coordinated to your wedding colours. Most flavours on leaf's website are available, see www.leafshop.co.uk for details (please note there is a surcharge for some of the flavours).

We recommend taking delivery of your tins as close to the wedding date as possible so the tea is as fresh and tasty as it can be for your guests. The tins must be ordered in batches of 30 and there is a minimum order of 60 tins.
